The quilting pattern may vary with extra-large sizes, for technical reasons.

Mattress can only be used on one side (= gel side)

**MATRATZEN
BÜLTEX®**

The benefit of the successful, patented mattress technology Matratzen BÜLTEX® lies within the fields of comfort, climatisation and ecology. The lying comfort is raised even more due to the combination of highly elastic Technogel® inlays, as the material GEL - just like in runners - spares and supports our joints while lying.
