

# Iamello® Plus

## Mattress base technology

Natural rubber element  
in cotton holder

### Metal-free\*

Frame is completely metal-free, from untreated, 7x veneered beech wood (with extra widths, 9x veneered).

Without lacquers or solvents.

### Shoulder comfort zone

**Flexible shoulder comfort zone** for improved vertebra column support, especially when lying on the side.

Slats include double-slits for better flexibility and ventilation.

### Middle section reinforcement

**Continually adjustable firmness regulation** with dual slat system and slider technology.

### Rubber element

Slats in **sembella 100% natural rubber holder plus coconut lining** (with latex), encased in **cotton holder**.

**Dynamic adjustment** to the human body form due to **very high flexibility**.

### Spring slats

**7-zone support** – four different slat types guarantee a **spring comfort appropriate for the body**.

**37 separate, untreated multi-veneered slats** made from German beech, of them being **24 Flex-o-Form slats** with ergonomical cut-outs.

### Versions available

#### Iamello Plus S

Non-adjustable version with integrated underframe.

#### Iamello Plus KF

Adjustable version with integrated underframe, head and foot components manually adjustable with hand loops.

\* Adjustment clamps made of metal.

Fig. Iamello® Plus KF
