

MATRATZEN BÜLTEX®

Outstanding comfort and ecology

Light weight

The mattress is easy to turn around or over thanks to the reduced weight of the core

Good moisture removal

and unimpeded air flow with integrated, multi-dimensional ventilation systems

Exclusive comfort zones

with shoulder, lumbar and hip zones designed to mould to the body

SCHLARAFFIA comfort foam core with mattress BÜLTEX® technology.

The honeycomb shaped, irregular cell structure, comparable to a natural sponge, is the foundation for a high degree of specific and long-lasting elasticity, good moisture removal and unimpeded ventilation.
