

# Eleganza 30

Mattress base technology

Special spring elements for suspension in the shoulder, lumbar and middle zones.

## Shoulder comfort zone | Lumbar zone

**Flexible shoulder comfort zone** with waisted slats for better flexibility and ventilation.

**Extra wide and higher lying slat system in the lumbar zone** that can be secured by using "lumbar blockers".

Both zones **can also be lowered** with special spring elements.

## Middle section reinforcement

**Continually adjustable firmness regulation** with dual slat system and slider technology. Can also be lowered with special spring elements.

## Caps

Slats encased in rubber caps to ensure a flexible, noiseless suspension.

## Spring slats

**7-zone support** and **-spring functionality**.

**30 multi-veneered spring slats** (200 cm long) with a yew root design.

Outer frame made from beech plywood, cross-frame from solid beech with decorative yew root coating.

**Extra wide slat system** in the head and foot sections.

## Versions available

### Eleganza 30 NV

Non-adjustable.

### Eleganza 30 KF

Head and foot components manually adjustable with hand loops.

### Eleganza 30 M

Continuous adjustment from high performance double motor with maintenance free mains disconnect relay and emergency power lowering for power failures. Separately adjustable leg section for relaxed reading.
