

Neck support pillows

Clima Vision 4

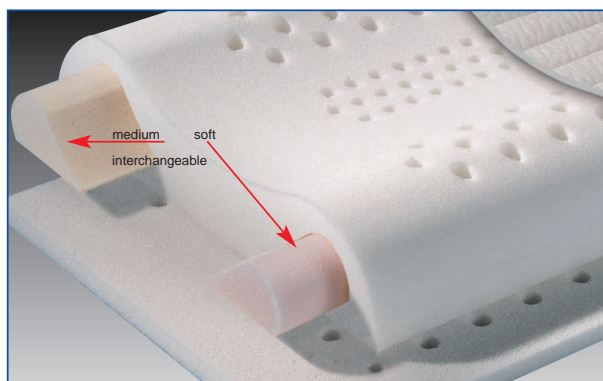

www.schlaraffia-international.com

SCHLARAFFIA neck support pillows with mattress BULTEX® technology and a porous cell structure. Featuring a ventilation system, it helps prevent muscle stiffness and a cramped sleeping position. Two height-variable sides allow for different sleeping habits and varied head and body positions.

The SCHLARAFFIA neck support pillows are the ideal complement to the SCHLARAFFIA sleeping system.

Breathable and moisture regulating cell structure, similar to that of a natural sponge.

Core type:

Soft mattress BULTEX® technology with porous cell structure and Climadream ventilation system for good heat conduction and improved conduction of CO₂ (contained in expelled breath).

Four-way height flexibility and two-way support for individual sleeping. Two biomechanically shaped, height-adjustable sides. Additional height adjustment with the 2 cm high insert layer. More support flexibility with the interchangeable BULTEX® padding (soft and medium).

Cover:

Exclusive, removable Clima feel cover, made from skin-friendly temperature, maintenance fibres, that wicks moisture away from the body and offers especially pleasant contact comfort.

Quilted with soft, highly elastic CPC temperature maintenance fibres for excellent moisture removal. Cover washable up to 60° C with zip closure on the longer side.

Measurements (W x D x H):
approx. 65 x 43 x 14/12 cm.

Drill ticking design : 819
