

Pocket Spring Core Paris

www.schlaraffia-international.com

The patent protected SCHLARAFFIA pocket spring core is unique. In contrast to all other cores, the rows of springs are not rigidly joined by clamps or adhesive, but are flexibly joined using diagonal cross connectors. This technology ensures quick body stabilization immediately following any movement. The SCHLARAFFIA pocket spring core range offers an extensive selection of widely varying cover and padding materials. As individual as today's demanding customers.

Core type:

Exclusive SCHLARAFFIA dual pocket spring core featuring a patented insertion system with multi-zone alignment to meet the highest demands in comfort.

Core height: approx. 12 cm

Padding layer / form pad:

Superlative point-elastic pin-punched latex.

Padding layer height: approx. 25 mm

Core plus padding layer height: approx. 17 cm

Cover:

Exclusive Care Cotton® cover with specially cleaned cotton fibres. Mould resistant with regular care.

Fine padding quilted with the cover:

Highly elastic, extremely hygienic Aqua san hollow fibres with anti-bacterial effect. Removable cover with 4-side zip closure, washable up to 60° C. Suitable for those suffering from dust mite allergy.

Overall mattress height: approx. 20 cm
