

www.schlaraffia.com

SCHLARAFFIA mattresses made from SENSIPUR® plus, the special RECTICEL foam which reacts to body heat, thus perfectly moulding to the shape of the body, combined with body-supporting mattress BÜLTEX® technology, which means: no dents, no stiffening, just an ergonomically correct sleeping position. Featuring the exclusive Clima cool cover, these visco-elastic SCHLARAFFIA mattresses promise pure relaxation!

Pressure-relieving absorption.

Stronger materials. More sleeping comfort.

1. Total pressure relief

The body's warmth makes SENSIPUR® plus adapt more closely to the body.

2. Perfect "spring back"

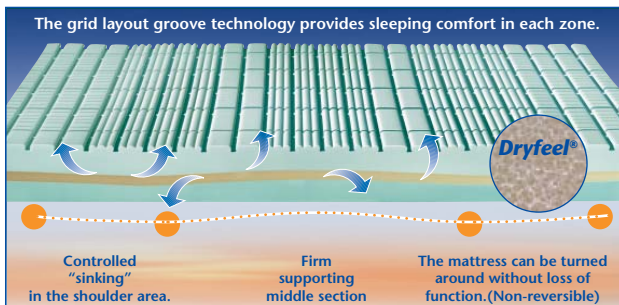

With 2 or 3-zone technology and comfortable, ergonomic groove technology that makes it easy to shift position.

3. Optimal ventilation

The refreshing combination of layers ensures permanent hygiene - and prevents unpleasant sweating.

4. Innovative covers

The new covers improve sleeping comfort and ventilation. All year round.

Core Type:

3-zone technology with "comfort waves" to ensure controlled "sinking" in the shoulder area and support in the middle section.

The contact surface is made from SENSIPUR® plus, that contains heat-sensitive materials to mould to the body and reduce pressure points. With a "grid" system of incisions to ensure sleeping comfort in all zones, it moulds to the shape of your body and provides excellent ventilation. Temperature-regulating middle section made from Dryfeel® – extremely open-pored, fast-drying, breathable foam. Supporting mattress BÜLTEX® base with a reinforced middle section and a softer shoulder area.

Overall core height: approx. 19 cm

- Top: ca. 11 cm, 9 cm, 11 cm SENSIPUR® plus
- Middle: ca. 2 cm, 2 cm, 2 cm Dryfeel®
- Bottom: ca. 6 cm, 8 cm, 6 cm mattress BÜLTEX®

Cover (2 versions: smooth and quilted):

Exclusive Clima cool cover with excellent temperature regulation. Fast drying, light and puffy, skin friendly and cuddly-soft. Airwave stripes for improved air exchange.

Fine padding quilted with the cover:

Hygienic, highly elastic, temperature maintenance fibre. Additional innovative hollow fibres, working as a „Cool Cell“, provide optimal air circulation (top side). Washable up to 60° C. Includes patented all-round double zip. Removable. Suitable for those suffering from dust mite allergy.

Overall mattress height: approx. 21 cm

Drill ticking design : 995
 Textile description : 42% CO, 34 % PA,
 15% PES, 9% EL

Available in one firmness grade. Standard sizes 80/90/100 x 190/200 cm and in extra large sizes up to 120/140/160 x 200/210/220 cm.

The quilting pattern may vary with extra-large sizes, for technical reasons.
