

Deluxe

Mattress base technology

Special spring elements for suspension in the middle zone

Shoulder comfort zone

Flexible shoulder comfort zone for improved vertebra column support, especially when lying on the side.

Slats include slits for better flexibility and ventilation.

Middle section reinforcement

Continually adjustable firmness regulation with dual slat system and slider technology. Can also be lowered with special spring elements.

Caps

Slats encased in adjustable **rubber duo-caps** to ensure a flexible, noiseless suspension (middle section = each slat has individual suspension).

Spring slats

7-zone support and **-spring functionality** (middle section).

28 multi-veneered spring slats (200 cm long) with decorative metallic coating (shoulder zone red).

Outer frame made from beech plywood and cross-frame from solid beech.

Extra wide slat system in the head and foot sections.

Versions available

Deluxe S Non-adjustable.

Deluxe KF Head and foot components manually adjustable with hand loops.
